

September 9, 2018

Dear Customer:

Due to changes at Alco and changes in the Market, Alco will no longer be manufacturing our Roof Coatings products. All Reflective Coatings, Asphalt Coatings, Primers, Cements, Adhesive and Mastics will no longer be offered.

In addition to our Coatings line, we will also closeout our Construction Specialties related to our Commercial Roofing Division. Cotton & Fiberglass Membrane, Roof Traffic Pads, Poly-S Mat, AlcoGuard Crack Sealant, Slaters Felt, and Alco Asphalt & Tar Remover will no longer be offered as well.

All of these changes will be in effect November 1<sup>st</sup>, 2018.

In the meantime, if you need any of these products, we will be having a Closeout Sale of our current inventory. Please contact Debbie Morse ([dmorse@alco-products.com](mailto:dmorse@alco-products.com), 1-800-323-0029) for more details.

Thank you for your continued support of Alco Products, LLC. Please do not hesitate to call your local Sales Representative if you have any questions.

Sincerely

A handwritten signature in blue ink that reads "Mike VanWyngarden".

Mike VanWyngarden
